# CADAC MODULAR SYSTEM

## MORE COOKING VERSATILITY WITH THE CADAC MODULAR SYSTEM

With CADAC, innovation is the name of the game. The CADAC MODULAR SYSTEM is designed to bring out the gourmet in you. It allows for a wide range of cooking surfaces to fit onto one single product making outdoor cooking even more exciting and versatile. It gives you a choice of many cooking styles such as traditional barbeques, grilled vegetables, stir-fry, smoked fish, paellas, teppanyaki and even pizzas. And in some cases even at the same time!

AVAILABLE  
MARCH 2012

### BRAAIMAXX COOKING SURFACES

The CADAC BraaiMaxx comes with 6 cooking surfaces;

- Baking stone
- BBQ grid (2x)
- Paella pan
- Skottel
- Wok

  
**2 X BARBEQUE GRID**

  
**PAELLA PAN**

  
**BAKING STONE**

  
**SKOTTEL**

  
**WOK**

### MERIDIAN COOKING SURFACES

The Meridian can be extended with 5 different tops;

- Baking stone
- Reversible flat/ribbed grill plate
- Argentine grill
- Teppanyaki plate
- Warmer pan

  
**ARGENTINE GRILL**

  
**BAKING STONE**

  
**WARMER PAN**

  
**TEPPANYAKI PLATE**

  
**REVERSIBLE GRILL**

## CADAC BRAAIMAXX – THE BBQ RE-INVENTED

WITH 2 INDEPENDENT COOKING AREAS AND  
5 INTERCHANGEABLE SURFACES,  
IT WILL INSPIRE THE GOURMET CHEF IN YOU

WHIP UP A PAELLA WHILE YOU BARBEQUE SOME FRESH FISH

GRILL WHILE YOU BAKE A PIZZA

STIR-FRY BEEF WHILE YOU SMOKE A FISH

- A revolution in outdoor cooking with two independent cooking areas that allow for a variety of interchangeable cooking surfaces to be used; two at a time.
- These surfaces include a **SKOTTEL**, **WOK**, 2 x **BARBEQUE GRIDS**, **BAKING STONE** and **PAELLA PAN**
- Two high performance burners designed for a wide temperature range from 100°C to almost 300°C. Together with the insulated domes, this allows for all methods of cooking, from slow cooking to baking, to perfect wok-style cooking, barbequing etc.

CADAC PATIO RANGE

# BRAAIMAXX RANGE

## BRAAIMAXX THE BBQ RE-INVENTED

WINNER OF 1<sup>ST</sup> PRIZE AT SPOGA SHOW, GERMANY IN 2009 FOR "BEST INNOVATION IN BBQS" CATEGORY

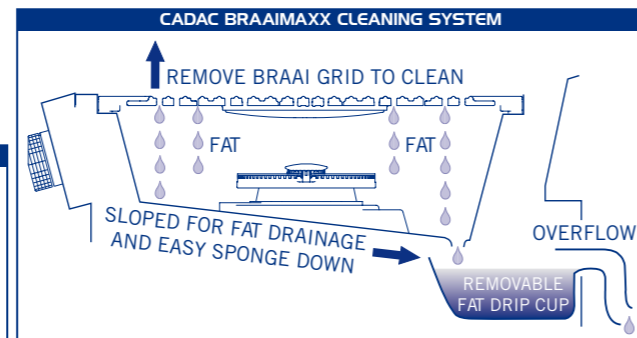

A revolution in outdoor cooking with 2 independent cooking areas that allow for a variety of interchangeable cooking surfaces to be used; 2 at a time. Both cooking sides have an independent dome which is double skinned, insulated with a non-stick coating on the inside of the dome to assist cleaning. Each dome includes a thermometer. The Braaimaxx has double side tables and includes a BBQ cover.

# BRAAIMAXX RANGE

## CADAC BRAAIMAXX MODULAR SYSTEM

THE BRAAIMAXX INCLUDES THE FOLLOWING SURFACES WHICH DROP INTO THE BASE GRIDS:

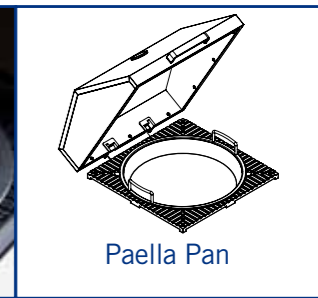

**Grill top:** Includes 2 grill tops for traditional barbequing. The aluminium grill is coated in hard, low-stick CADAC C-coat, for easy cleaning. No more unhygienic grids.

**Skottel/Teppanyaki:** Made from high grade stainless steel and aluminium TriPly material – the stainless steel for wear and easy cleaning, and the aluminium for excellent heat distribution. Use the Skottel for stir fries, eggs and bacon, prawns, sausages, or for high-heat Teppanyaki cooking.

**Baking stone:** The baking stone is used for baking all types of bread – from the traditional loaf, to pizza, pita bread, from focaccia to nan bread.

**Paella pan:** Made from thick aluminium with PTFE non-stick coating. Ideal for paellas and risotto.

**CADAC BraaiStyle Wok:** Carbon steel wok allows for high temperatures to ensure perfect wok-style cooking. Solid stainless steel handle.

**Cutting board:** A bamboo cutting board drops into the front handle for food preparation.

**5-Jet Turbo-Burner:** With the CADAC 5-Jet Turbo-burner you can slow cook for hours at low temperatures (at 100°C) constantly, or high cook and bake at high temperatures near 300°C. Each burner is finely adjustable, includes both piezo ignition and flame failure shut off.

**BRAAIMAXX**

The fixed side table leaves plenty of room for food preparation. All the various tops are stored in the cabinet. The gas cylinder (not included) is also stored away and tidy. Cleaning the BBQ burner box is now also made easy with an easy-to-clean construction. During cleaning and washing, the water drains to the back of the fire box and then into a drainage bucket at the back. The dirty water collects in the bucket which is easy to remove. The dirty water is simply thrown away, the bucket wiped clean and easily replaced at the back of the BraaiMaxx Deluxe and BraaiMaxx.

**MERIDIAN WITH DOUBLE-SKINNED DOME BRAAI IN STYLE**

Cadac's latest range of gas patio BBQs, called the "Meridian" range is an upmarket, superb quality range of gas BBQs that allow for a variety of cooking methods. BBQ on superb quality grids, with all Meridians coming standard with 3 grids. The modular grid and accessory system allows grids to be removed and any Meridian accessory to be dropped in. The meridian accessories include Teppanyaki plates, warmer pans, ceramic baking stones and an "Argentine grill" to allow you to cook a whole range of exciting dishes on your BBQ. True to CADAC's innovative form is the breakthrough in BBQ hygiene introduced with this range; "the easy wash and clean" system. The smooth-walled porcelain enamelled construction of the fire box and drainage channels flowing to a drip cup outside the BBQ, allow the BBQ to be thoroughly cleaned using oven cleaner or detergent and water, eliminating residue build-up. The drip cup is emptied, wiped clean and easily replaced into the back of the BBQ after each use. This prevents unhygienic, unsightly and dirty interiors of BBQs. Moreover, when the inside of the BBQ is wiped, there are no sharp edges that may cut hands. Choose this superior quality BBQ from Cadac, available in Stainless Steel or Charcoal, for the perfect cooking accessory on your patio!

# LEISURE CHEF 57cm

## LEISURE CHEF 57cm THE VERSATILE GAS KETTLE BRAAI

The CADAC Leisure Chef is the 57cm addition to the popular CADAC Chef Range of portable barbeques with interchangeable tops. With 50% more cooking area than the Carri Chef, it is the ideal alternative to a charcoal kettle BBQ with lots more options. It has one pressed half round grid, coated in porcelain enamel and a half reversible griddle with a ribbed and a flat side. This is non-stick coated for easy cleaning and for a choice of meal preparations from breakfasts to grilling, frying and indirect cooking. Also included is the famous CADAC skottel. Additional surfaces can be bought as optional accessories to make a combination of cooking surfaces. The removable fat pan and drip cup for excess fat, helps to keep the BBQ clean and hygienic.

CODE: 8400 – Leisure Chef

### CADAC LEISURE CHEF MODULAR SYSTEM

Product Code	Cooking Surfaces (Included)	Average Operating Pressure	Cooking Area (Diameter cm)	Dimensions (mm) length x breadth x height	Approximate Weight	Total Heat Output	Total Gas Consumption

## ENTERTAINER/MERIDIAN RANGE ACCESSORIES

### 3 AND 4 BURNER ROTISSERIE

The rotisserie features a chrome-plated steel spike/fork and a heat resistant handle. The motor is housed in a stainless steel case and requires two size D batteries (not included) to operate the motor. Fits the CADAC 3 or 4 burner Patio BBQ range.

**CODE: 98354 – 3 Burner / CODE: 98357 – 4 Burner**

### PATIO BBQ FLAME TAMERS

The flame tamer is the perfect aid for improved heat control. Simply place this set of two stainless steel flame tamers over the grate of the burner in any CADAC Entertainer and Meridian range gas BBQ to help spread and diffuse the heat.

**CODE: 98359**

### CAST IRON BBQ GRILL PLATE

The vitreous enameled cast iron grill plate has a half flat and half ribbed one-sided surface and fits the CADAC gas patio BBQ range.

**CODE: 98510-3 – Large (480mm x 265mm)**

**CODE: 98510-4 – Small (480mm x 110mm)**

Code: 98510-4

LIVE THE BRAAI LIFE

# CADAC CHARCOAL RANGE

www.cadac.co.za

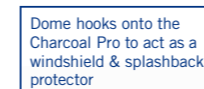

## CHARCOAL PRO 57cm

### THE KETTLE AT ITS BEST

Renowned for being industry leaders in terms of innovation, CADAC have re-invented the traditional charcoal kettle BBQ so as to solve the well-known shortfalls of the traditional USA kettle. These important innovations are:

- Fixed legs to ensure they do not fall off when the BBQ is moved and to make the BBQ more stable.
- A stainless steel non-rust ash bowl to collect the ash so it doesn't blow all over the outdoor area.
- Curved steel edges on the dome and bowl parts to prevent rust forming on the sharp edges.
- A patented and adjustable central air intake vent that controls the amount of air let in, and can shut off the air flow to reduce the use of charcoal.
- A central air outlet for a balanced central air outflow and inflow which ensures indirect cooking is optimal and symmetric.
- Included is a thick charcoal fire grid which will not burn through and need replacing as other popular makes.
- The cooking grid is covered in a low-stick porcelain enamel coating for easy cleaning.

CODE: 5465 – Charcoal Pro 57cm

Dome hooks onto the Charcoal Pro to act as a windshield & splashback protector

Porcelain enamel-coated cooking grid

Black painted charcoal fire grid

- "Soft-grip", stay-cool handle on the dome
- Central air outlet for a balanced air outflow
- Dome thermometer
- Porcelain enamelled kettle lid
- Heat resistant kettle handle
- Includes stainless steel utensil hook
- Porcelain enamelled kettle bowl
- Stainless steel ash bowl with stay-cool plastic handle
- 3 Fixed black anodised aluminium legs for stability
- 2 crack-resistant rubber wheels
- Convenient plastic condiment tray

## CHARCOAL MATE 57cm

### CHARCOAL MATE 57cm

A simple, practical, easy-to-clean barbeque with sturdy anodised fixed aluminium legs and a rust-proof enamelled steel body. All enamelled edges are curled over to prevent rust forming on sharp edges. The Charcoal Mate has dual air vents on the dome for better indirect cooking. The central air intake vent gives an even charcoal burn and no ash falls out of the bowl. The ash is easily removed by lifting and tipping the BBQ bowl upside down. This affordable barbeque has ample cooking space for the kettle barbeque lover who wants a durable and practical kettle that cooks beautifully.

## BUILT-IN CHARCOAL BBQ RANGE

### BUILT-IN CHARCOAL BBQ OVENS

The 70cm and 100cm built-in charcoal BBQs have all five sides of the BBQ coated in porcelain enamel to prevent rusting. They have a removable porcelain enamel-coated charcoal bowl(s) for easy cleaning. The large chimney exhaust is designed for the efficient exiting of gas up the chimney (which is not included), and a stylish stainless steel fascia border suits any outdoor area. The units include a warmer tray and a height-adjustable cooking grid. The 100cm built-in charcoal BBQ is supplied with two charcoal bins so that either one can be used on it's own or two used simultaneously.

## KETTLE RANGE ACCESSORIES

### HINGED COOKING GRID

A 57cm nickel-chrome plated hinged cooking grid to fit all kettle BBQs with the same diameter. The hinged sides allow for easy, convenient charcoal top-ups. Briquettes can be made red hot prior to top-ups by using the CADAC Fire Express.

CODE: 98100

### STANDARD COOKING GRIDS

47cm and 57cm nickel-chrome plated replacement cooking grids to fit all 47cm and 57cm kettle BBQs respectively.

CODE: 98105 – 47CM COOKING GRID

CODE: 98110 – 57CM COOKING GRID

### ROUND BBQ GRILLER

Nickel-chrome plated round grid which fits most charcoal or gas BBQs or over an open fire to hold sausages for barbequing. Holds traditional South African “Boerewors”, other sausages, vegetables or fish.

CODE: 98800

### ADJUSTABLE BBQ GRILLER

Nickel-chrome plated adjustable grid fits most charcoal or gas BBQs or over an open fire for difficult-to-handle foods, enabling ease of turning. Holds spatch-cock chicken (“flatties”), vegetables, fish, meat and sausages.

CODE: 98810

### PIZZA STONE

33cm diameter pizza baking stone can be used in electrical ovens, charcoal kettles, gas BBQs and in CADAC’s Carri Chef Deluxe. 10mm thick baking stone can withstand temperatures of 300°C. Not for use in gas ovens. Includes chrome plated wire holder.

CODE: 98368

## KETTLE RANGE ACCESSORIES

### CERAMIC BRIQUETTES

- Provides better heat distribution and temperature control than lava rock
- Uniform, convex shape allows juices to roll off reducing flare-ups and food charring
- Non-porous delivering a great BBQ flavour to foods, unlike lava rock that absorbs fats and transfers food flavour
- Suitable for all gas BBQs that use volcanic/lava rock
- Contents = 40 briquettes

CODE: 98400

### CHARCOAL FIRE EXPRESS

Quick, convenient and easy way to light your charcoal briquettes for your BBQ or for instant hot coal top-ups during cooking.

CODE: 98130

### STAINLESS STEEL DRIP PAN

The stainless steel drip pan keeps all charcoal kettles and gas BBQs clean during indirect cooking by catching the juices from the meat. It is long-lasting and ideal for preparing gravy, roasting vegetables and other side dishes.

CODE: 98155

### GRILL SCRUBBER

The grill scrubber is made with brass bristles set in a varnished hardwood handle. It easily cleans cooking grids, loosens and removes stubborn grid residue and can be used on all kettle BBQs.

CODE: 98125

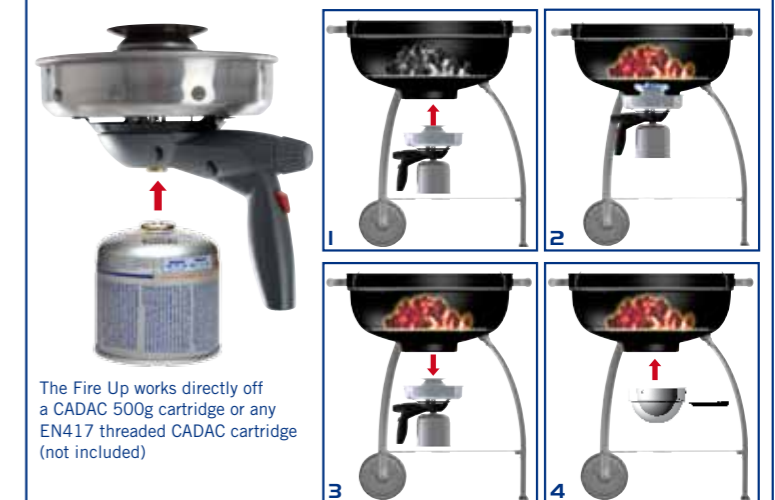

### FIRE UP

The Fire Up is a convenient gas fire starter which works in conjunction with a CADAC 500g threaded or CADAC 190g pierceable gas cartridge with Travel Pak (not included). The Fire Up fits underneath the CADAC Charcoal Pro Deluxe and Charcoal Pro kettle BBQs in place of the stainless steel ash collector and gets you cooking in under 10 minutes. Once the coals are ready to cook on, the Fire Up is removed and replaced by the ash collector.

CODE: 98205

#### HOW THE FIRE UP WORKS

The Fire Up works directly off a CADAC 500g cartridge or any EN417 threaded CADAC cartridge (not included)

New revolutionary world patented gas fire starter for the CADAC Charcoal Pro BBQ

SAFARI CHEF

READY TO BRAAI AND COOK

This portable and versatile gas BBQ, weighing only 4kg, includes five interchangeable cooking surfaces. These are the camping stove, the BBQ, the non-stick reversible griddle with flat and ribbed sides and the pot (also used as a dome). These all pack into a convenient carry bag. The Safari Chef is available as a high or low pressure unit. The Safari Chef HP operates off a 190g pierceable gas cartridge with the CADAC Travel Pak (not included) or the CADAC 500g threaded cartridge (excluded) which fits directly into the BBQ. The low pressure works off any 2.8kPa supply. The Safari Chef is ideal for camping, hiking, fishing, caravanning and sports events.

CODE: 6550F

The Safari Chef comes with a carry bag and weighs only 4kg

**OPTIONAL ACCESSORY**

HIGH PRESSURE CYLINDER ADAPTOR HOSE  
Allows you to operate the Safari Chef off a LPG Cylinder.

500g CADAC Gas Cartridge (not included)

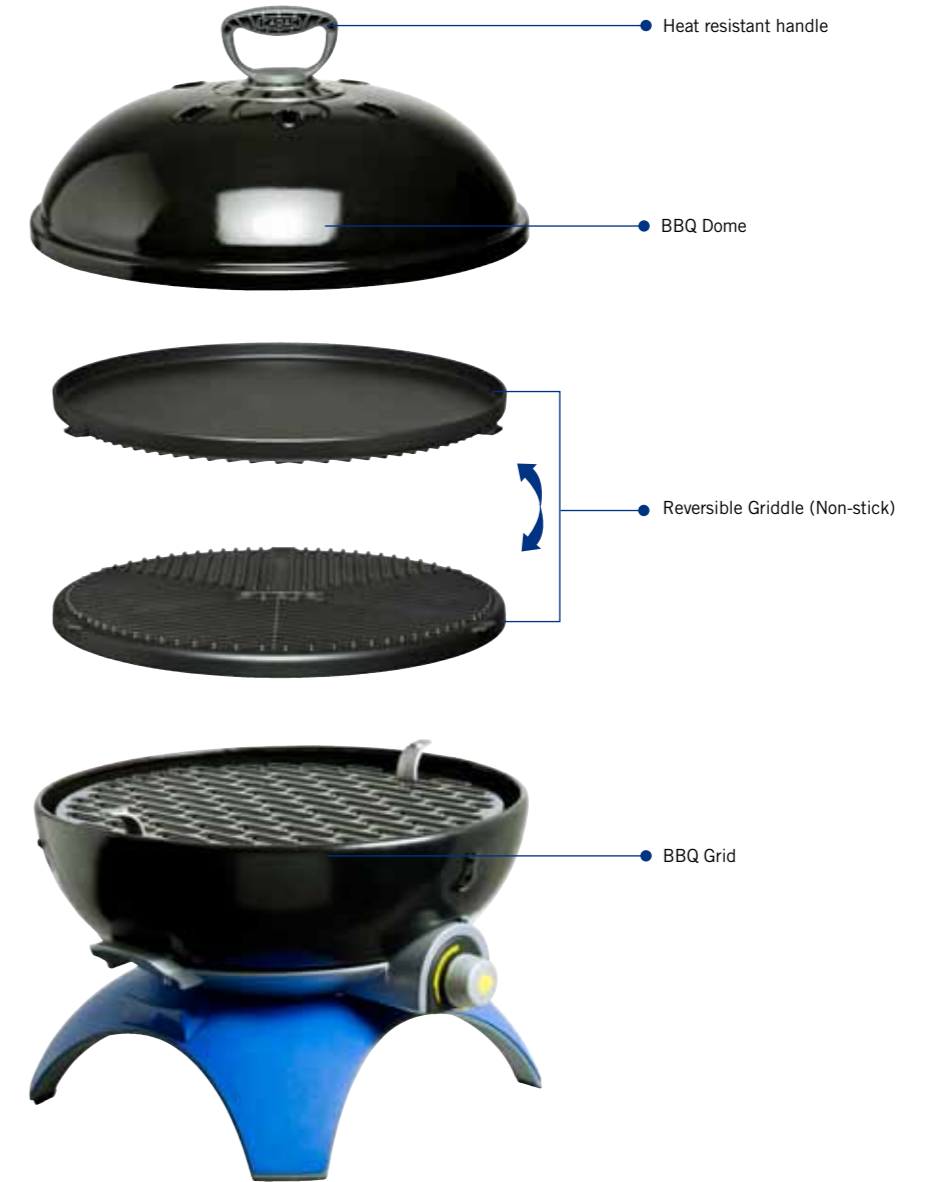

CODE: 6501

Product Code	Cooking Surfaces (Included)	Gas Consumption	Operating Pressure	Cooking Area	Dimensions (mm) length x breadth x height	Approximate Weight	Total Heat Output	Total Gas Consumption

TRAVEL CHEF

The Travel Chef provides aesthetics, functionality and portability all-in-one. This lightweight gas BBQ has three interchangeable cooking surfaces: reversible flat griddle plate and ribbed griddle plate, pressed BBQ grid. Indirect cooking (BBQ Kettle) is achieved by using the lid and BBQ together. The Travel Chef works off a CADAC 500g threaded cartridge or any EN417 threaded cartridge or can operate off a LP gas cylinder using a hose and regulator (not included). The unique clip-on legs make for easy transportation when camping, fishing, going to sports events or any outdoor venues. The dome easily clips on the sides for wind protection. A convenient carry bag is included with the unit.

CODE: 8500

**INCLUDED FEATURES AND BENEFITS**

- Plastic clip for the lid to hook onto
- Reversible clip-on, clip-off legs
- Works off a 500g threaded gas cartridge connected to a CADAC EN417 assembly regulator with hose (cartridge not included)

Product Code	Cooking Surfaces (Included)	Gas Consumption	Operating Pressure	Cooking Area	Dimensions (mm) length x breadth x height	Approximate Weight	Total Heat Output	Total Gas Consumption

# SKOTTEL BRAAI & GRILLOGAS BRAAI

## SKOTTEL BRAAI

### CREATE A FEAST WITH CADAC'S FAMOUS SKOTTEL

The Skottel is perfect for cooking a wide variety of outdoor meals, from traditional breakfasts, paella, sausages, eggs, stir fries and many other dishes. Exceptionally portable, versatile and robust the Skottel Braai weighs under 10kgs. The skottel dish is coated in hard vitreous enamel and has stainless steel fixed handles. The unit fits directly on a CADAC 5kg or 7kg LPG Cylinder (not included), using a stem (included). For easy storage and portability, simply pack into a the carry bag.

CODE: 8309S

Skottel Braai storage and carry bag included

## GRILLOGAS BRAAI

Robust design with a cast iron, 38cm reversible top; one side ribbed and one side flat. The ribbed side is ideal for grilling steaks, fish and hamburger patties, while the flat side is perfect for those breakfast cook-ups of flapjacks, pancakes and traditional bacon and eggs. The cast iron ensures consistent, even heat distribution and retention. The unit comes complete with a stainless steel burner and a rust-proof, porcelain enamel support pan, which ensures the wind does not blow the flame out on the burner on a windy day. The unit fits directly on a CADAC 5kg or 7kg LPG Cylinder (not included), using a stem (included). For easy storage and portability, simply pack into a the carry bag.

CODE: 740S

Individual tops and full BBQ Braai storage and carry bag included

## CHEF RANGE ACCESSORIES

### PAELLA PAN

The 47cm lightweight but thick aluminium non-stick coated pan is easy to use and clean. Stainless steel handles allow for easy handling. The large pan is ideal for preparing risottos, paellas, pasta dishes, breakfasts and other meals for a large number of people. For use on the CADAC Carri Chef, Eazi Chef or any other gas or electric hob. The underside of the pan is a clear, steel machined finish. A convenient storage bag is included.

**CODE: 8628**

### DOME LID

The BBQ dome lid is an accessory for the CADAC Handi Chef and Carri Chef range. It acts as a windshield by hooking on to the side of the BBQ or skottel and is fitted with a convenient stay cool handle at the top of the dome.

**CODE: 8622**

### HIGH PRESSURE CYLINDER ADAPTOR HOSE

For use with the CADAC Safari Chef or Fire Up to allow you to operate it off a LPG Cylinder.

[www.cadac.co.za](http://www.cadac.co.za)

## BRAAISTYLE ACCESSORIES

### MIXED KNIFE SET

**PARING KNIFE:** A 12cm paring knife with a plain edge blade that is ideal for peeling and other small or intricate work such as de-veining shrimps, removing seeds or cutting ingredients for delicate garnishes.

**COOK KNIFE:** This 20cm cook's knife is an all-purpose knife used for slicing, chopping, dicing, mincing, and cutting. The curved blade allows you to rock the knife on a cutting board for a more precise cut.

**BREAD KNIFE:** A 20cm bread knife with a serrated blade for cutting breads and pastries.

CODE: 98376S

### CHINESE CLEAVER

This large, rectangular, very sharp blade is used for slicing and preparing a wide variety of meats, fish or vegetables. The blade, approximately 15cm long, is heavy, with a thick spine, enabling the knife to chop through bone and joints with ease.

CODE: 98383S

### 32cm PIZZA LIFTER

The 32cm aluminum pizza lifter is designed to lift and serve pizza slices without the pizza sticking and breaking whilst being handled.

CODE: 98380S

### WOK

This lightweight wok, made with a black carbon steel body, allows for rapid transfer of heat. It has a solid robust stainless steel handle and the large sloped sides make it easy to toss and stir food, thus minimising spillage.

CODE: 98378S

### SALT AND PEPPER GRINDER

Sleek black and white salt and pepper set with ceramic grinders to complement any table setting, indoors and outdoors.

CODE: 98375S

## BRAAISTYLE ACCESSORIES

### STAINLESS STEEL MAGNETIC TOOLSET

These stylish tongs clip together with a magnet that allows them to be used as tongs, a fork and a spatula. They are made from stainless steel with stay-cool handles.

CODE: 98371S

### NYLON TONGS

Made from thermally resistant plastic, these unique tongs clip together with a magnet so that they can be separated and used as a fork and spatula as well. The magnets allow them to be attached to any metal surface (excluding stainless steel).

CODE: 98372S

### SKOTTEL SPATULA

Made from thermally resistant plastic, the spatula does not scratch the surface of your skottel or pan, and includes magnets so it can attach to the metal side of the BBQ (not stainless steel).

CODE: 98387S

### PLASTIC BOWL SET

A shapely set of inter-locking plastic bowls comprising of four 1 litre bowls (18cm each), 3 litre bowl (25cm) and a 3 litre colander in various colours. Ideal for use in the preparation or serving of salads or side dishes to accompany any outdoor meal. The inter-locking of the salad bowl and colander create the perfect mixer. The bowls fit together into a ball to create a sealed environment to food, and stack onto each other for easy storage. The bowl set is dishwasher safe.

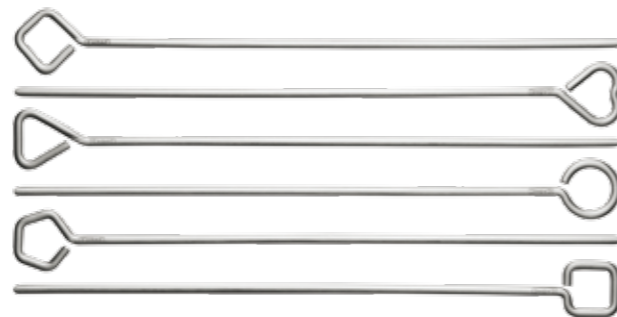

CODE: 98374S

### SIGNATURE BBQ SKEWER SET

A set of six re-usable stainless steel skewers with pointed tips and individually designed shapely grips for personal identification. Each stylish skewer has an effective length of 30cm.

CODE: 98373S

## BRAAISTYLE ACCESSORIES

### COOK PAN

This "do all" cook pan is made from hard anodised, thick, solid aluminum for maximum heat conduction. Hard anodised aluminum is the surface of choice for professional chefs.

CODE: 5579

### CASSEROLE STEWING POT/GRILL PAN

This 4 litre multi-purpose cast iron pot is a large, deep pot or dish used both in the oven, on a burner or as a serving dish. The lid doubles as grill pan. This casserole stewing pot/grill pan can be used in gas BBQs, charcoal BBQs, indoor ovens on a hob and on an open fire.

CODE: 98381S

Lid doubles as frying pan or grill

### CASSEROLE POT

The CADAC casserole pots are made from hard anodised, thick, solid aluminum for maximum heat conduction. This gives even cooking preventing burning on the bottom of the pan. The solid 304 stainless steel handles are robust and almost unbreakable. The hard anodised aluminum is the professional chef's choice for long-life cookware. All handles are recessed for easy storage and the side handles can be clipped out to stay up or folded back into position.

These pots are available in 3 sizes; 1.5 litres, 3 litres and 5 litres.

CODE: 5573 (1.5l)

CODE: 5575 (3l)

CODE: 5577 (5l)

NEW  
AVAILABLE 2012

### BRAAI LIGHT

Auto ignition, refillable lighter complete with bottle-opener and also features an adjustable flame control and safety lock.

CODE: 603

Braai Light complete with bottle-opener

**ALUMINIUM CERAMIC COATED REVERSIBLE SWING GRILL & HANDLE**

The 28cm x 28cm reversible swing logo grill plate has a flat side and a ribbed side. The special ceramic coating is partially non-stick and allows for easy cleaning. The stainless steel handle is removable and so it will stay cool to allow for easy handling. For indoor use on gas hobs or outdoor use on gas BBQs. The grill has a “ribbed” side featuring the CADAC logo, perfect for grilling and a “flat” side for traditional breakfasts, pancakes etc.

**CODE: 98508S**

**MEAT THERMOMETER**

The digital electronic thermometer is ideal for cooking fish, chicken, or meats to perfection. The foldable probe remains protected for storage and folds out for gauging the temperature. An enclosed magnet allows it to be attached to any mild steel surface (like the side of the BBQ) .

**CODE: 98395S**

**UTENSIL SET**

A set of three high quality, stainless steel designer-styled utensils. These are robust, practical, stylish and easy to use. They consist of a spatula, a fork and a set of tongs, and each of them has a bottle opener incorporated in the handle. This utensil set is made from high grade 304 stainless steel.

**CODE: 98397S**

**TAPAS SET / EGG SET**

This set of non-stick-coated aluminum pans is ideal for cooking tapas and a variety of accompaniments e.g. small roast potatoes, sauces etc. Also ideal for cooking the perfect egg to suit individual tastes. They are easy to clean, light-weight and can be used in BBQs, small gas hobs or any camp stove.

**CODE: 98399S**

**POULTRY ROASTER**

Cooking the traditional “beer-can chicken” has now been refined and enhanced with the CADAC poultry roaster. Two high quality stainless steel supports fit over a central herb, spice, wine or beer cup. The succulent flavours drain into the surrounding pan to simultaneously roast potatoes, onions, peppers and other vegetables.

**CODE: 5581**

**COOLER BAGS**

- Inner foam for superior insulation (no air gaps)
- Efficient cooling – Keeps contents colder for twice as long as regular cooler bags
- 24 and 36 can cooler bags have a rigid moulded base for extra strength and stability

**APPLICATIONS:** Picnicking, camping, caravanning, holidays and lunch Boxes

**CODE: 66100 – 6 Can**

**CODE: 66110 – 12 Can**

**CODE: 66120 – 24 Can**

**CODE: 66130 – 36 Can**

**THE GREAT OUTDOOR COOKBOOK**

This recipe book illustrates an easy way to prepare, enjoy and share a feast of great outdoor meals with family and friends using CADAC products.

**CODE: 99012**

**SURE FIRELIGHTER**

Auto ignition, refillable lighter features an adjustable flame control and safety lock.

**CODE: 601**

**HANDI CHEF CARRY BAG**

- Durable carry bag for easy storage and portability
- Braai Bag fits most 47cm CADAC BBQs
- Made from durable 600D Nylon
- Bag features a zip for easy opening and closing, and a carry handle for comfort

CODE: 9502

**CALF DE-BUDDER**

For the de-budding of calf horns.

CODE: 580

**HANDI BLOWTORCH KIT**

The CADAC Handi Blowtorch is a heating and welding blowtorch made of high-quality products which have been manufactured for ease of use, to provide excellent performance and to operate safely. It can be used either with propane gas, which guarantees the best performance, or with butane LPG. Connection of the gas cylinder must be made with a rubber hose and butterfly cylinder adaptor or through a pressure regulator as approved for use by the laws and regulations in effect in the country where such use takes place.

Uses:

- General purpose gas torch kit
- For brazing, soft soldering, paint stripping and pre-heating applications
- Convenient metal suitcase for storing all your welding tools

CODE: 375

**All CADAC cooler boxes feature:**

- Moulded body with bonded Polyurethane walls for superior insulation.
- Lock-down lids for better sealing against the warmth.
- Abrasion resistant exteriors.

All boxes are sold individually as single units or as combos. The contents of these combo sets may vary from time to time. The litre size relates to the internal storage capacity.

**70ℓ COOLER BOX**

For superior insulation and strength, the lid is filled with bonded Polyurethane insulation. This cooler box can keep the contents cool for up to three days under closed lid conditions. Also features a hinged lid with clip-down latch and extra strong handles.

CODE: CD-CB-070-BLU

**45ℓ ULTRA COOLER**

For superior insulation and strength, the lid is filled with bonded Polyurethane. This cooler box can keep the contents cool for up to three days under closed lid conditions. Also features a hinged lid with clip-down latch and extra strong handles. Holds two CADAC 'Big Freeze' ice-bricks which clip securely into the lid and holds all 2ℓ bottles upright.

CODE: CD-CB-145-SLV

**45ℓ COOLER BOX**

Features 2 extra-strong handles with clip. Holds two CADAC 'Big Freeze' ice-bricks which clip securely into the lid and holds four 2ℓ bottles upright. The Combo includes 3 Ice Bricks, one CADAC 2.5ℓ Picnic Jug and one CADAC six-can Cooler bag.

CODE: CD-CB-045-BLU – STANDARD

CODE: CD-CB-045-BLU – COMBO

**30ℓ COMBO SET**

The cooler box features an extra-strong handle with self-locking clip. Holds one CADAC 'Big Freeze' ice-brick which clips securely into the lid and holds all 2ℓ bottles upright. The Combo includes one Ice Brick, 1 CADAC 2.5ℓ Picnic Jug and one CADAC six-can Cooler bag.

CODE: CD-BP-030-BLU

**25ℓ COOLER BOX**

Features a handle with self-locking clip. Holds one CADAC 'Big Freeze' ice-brick which clips securely into the lid and holds all 2ℓ bottles upright.

CODE: CD-CB-025-BLU

**5ℓ & 15ℓ COOLER BOX**

Holds one CADAC 'Big Freeze' ice-brick.

CODE: CD-CB-015-BLU

CODE: CD-CB-005-BLU

## PATIO GAS BBQ COVER

Extend the life and maintain the condition of your BBQ with a full-length, heavy-duty, waterproof and UV-resistant vinyl BBQ cover with velcro closures to help keep the cover secure on windy days.
